

BANNOCK COUNTY SOLID WASTE

1500 N. Fort Hall Mine Road
Pocatello, Idaho 83204
Ph. (208) 236-0607

MERCURY PROGRAM

Bannock County Fort Hall Mine Landfill accepts thermometers, thermostats and small amounts of elemental mercury for free on every first Saturday, April thru October 9am to 3pm. In order to protect the safety of our personnel please follow these instructions:

- 1) All mercury should be secured in cardboard, bubble wrap, or some other reasonable type of protection.
- 2) Thermometers with blue or red liquid inside do not contain mercury and can be thrown away with regular trash.
- 3) All fluorescent bulbs containing mercury should be secured to protect from breakage. Non-fluorescent bulbs can be discarded in regular trash containers.

Thank you for your cooperation, For additional information,

Please contact Bannock County at (208) 236-0607
